PROFESSIONAL SUMMARY

Third-year B.Tech Computer Science and Engineering student with hands-on experience building and deploying full-stack applications integrating applied AI and machine learning. Developed projects in plant-care assistance, multimodal pet-health triage, and privacy-conscious behavioral-state estimation. Seeking opportunities to contribute to AI engineering and ML and applied AI projects.

EDUCATION

Hooghly Engineering and Technology College | Third Year
Bachelor of Technology (B.Tech), Computer Science and Engineering

TECHNICAL SKILLS

Frontend: React + TypeScript, HTML5, CSS3, Tailwind CSS, Vite
Backend & Data: Node.js, Express.js, FastAPI, REST APIs, PostgreSQL, Supabase
AI / Machine Learning: TensorFlow, Applied ML, scikit-learn, XGBoost, Pandas, NumPy, computer-vision and LLM API integration
Tools & Platforms: Git, GitHub, VS code, Vercel, OpenStreetMap

LANGUAGES

1) Python 2) Typescript 3) Javascipt 4) SQL 5) Java

SELECTED PROJECTS

PlantGuardian | AI Plant-Care & Cultivation Assistant github.com/Legendx143/PlantGuardian
Built a full-stack plant assistant for image/voice-based disease guidance, AI agronomy chat, and personalized seven-stage cultivation plans using crop, soil, season, and location data.

PetCare AI | Multimodal Pet-Health Triage github.com/Legendx143/Pet_Project
Developed a pet-health decision-support web-app combining text, voice, images, and symptom timelines to provide ranked possibilities, explainable triage, supportive-care guidance, and vet-ready summaries.

HumanSignal | Behavioral State Estimation github.com/Legendx143/HumanSignal
Created a privacy-conscious ML web-app that estimates focus, fatigue, and cognitive-overload patterns from interaction timing, using temporal features, Random Forest, FastAPI, and real-time updates.

CERTIFICATIONS & COURSES

- NPTEL- Generative AI for Computer Vision
- NPTEL - Cloud Computing
- NPTEL - Python for Data Science (Data Science for Engineers)
- NPTEL - The Joy of Computing Using Python

INTERNSHIP EXPERIENCE

Web Development Intern | CodSoft
Completed a hands-on web development internship focused on practical frontend and backend concepts and building web applications.

Web Development Intern | EduSkills
Gained exposure to industry-oriented web development practices and tools through a structured virtual internship program.

DECLARATION

I hereby declare that the information provided above is true and accurate to the best of my knowledge and belief.
